

Reception News

Friday 14th October 2022

This week we have shared a book called 'The Leaf Thief' which has inspired the children into investigating problems. They have been excellent investigators this week trying to solve the mystery of a thief who has been stealing our leaves from the woodland. The children have been creating posters of who they think the culprit is and they have been drawing maps to try to trace where the leaves have been hidden. At one point this week, Mrs Fox has even been blamed! Ask your child about this to find out who the leaf thief is!

We have been continuing with our Autumn theme this week and have created 'leaf people' with the leaves that we collected on Monday. They have also had great fun playing with our Autumn themed tuff spot tray which is full of leaves, sticks, conkers and stones and using conkers to learn about numbers by comparing two amounts to see who has the most.

Evidence Me

I hope you are enjoying receiving photos on Evidence Me. The children are always thrilled when I tell them that I am going to share an experience with you. Once you receive an observation from me, you can write back and comment on this if you wish to. It is always lovely to receive feedback from parents and I will always share these lovely comments with the children and add your comment to your child's online learning journey. I also share any experiences from home added to Evidence Me with the class. The children love to see the lovely things their friends do at home.

Warrington Guardian

Our class photograph for the Warrington Guardian has been postponed. The photographer will now be in school on Thursday 20th October.

Autumn Parent Meetings

On Monday and Tuesday next week (17th and 18th October) there will be an opportunity for parents to meet with me to discuss the children's start at school. I am looking forward to catching up with you all and sharing how pleased I am with how well the children have settled into school life.

If you have any general questions about school uniform, reading routines or school lunches, please email them to me and I will respond as soon as possible. This will enable us to focus our conversations on the children's start at school. I look forward to catching up with you next week.

We read the story Pumpkin Soup and used our imagination to think of interesting ingredients to put in it. Then we made pumpkin soup in the water tray and Mud Kitchen.

The children collected leaves and then used them to make leaf people.
