

## Reception News: Friday 23rd September 2022

The children have had lots of fun this week preparing for Oswald's birthday. They have been busy making bunting, birthday cards and party hats. Today they iced and decorated biscuits ready for the party.

The party was lots of fun with party games and lots of dancing. The children ended the party by singing Happy Birthday to Oswald. Oswald the bear is a very lucky member of our class to be treated to such a fun party!

### Coats

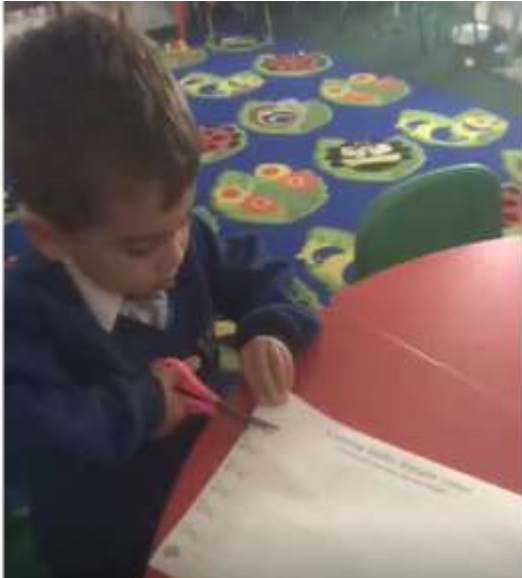

Please ensure that your child brings their coat with them each day. The weather can be unpredictable at this time of year. In the early years, we have to provide statutory outdoor provision for all children even when the weather is cold and wet.

### Can you help?

We are making a family display board in our classroom and talking about our families. To help your child with this, please send a photo of your child into school with their family by Friday 30th September. You can upload your photos to Evidence Me (download the app to do this), email them to me or send them in your child's book bag ( I will make a copy and send it back to you).

Thank you in advance for your help.
