

Year 1 News 3rd-7th October 2022

Hello everyone,

It's been a very busy and fun week in Year 1. We have written some lovely poems inspired by being outdoors in the garden and after reading some poems 'Out and About' by the author Shirley Hughes. The children are making super progress in their writing.

In our daily phonics lessons we are working so hard on the phase 5 sounds and the children have been sorting words according to the digraph (e.g train - is it ai or ay?).

The class have finished their DT topic and their Windmills look very professional. We went out to test the turbines to see how fast they spun round in the wind!

We tested how good our design was!

Learning outdoors when the weather is good!

In the Doctor's Surgery role-play.

Next week we begin our Art and Design lessons and we will be printing with Lego!

Thank you for all the reading and work you have done with the children this week.

Have a lovely weekend.

Mrs Furness
