

Year 3 Class News – 7th – 11th November 2022

We've had another exciting week here in Year 3, we have been busy with lots of new learning and the children have worked incredibly hard.

In Maths this week we have continued with addition and subtraction and enjoyed completing maths challenges to improve our reasoning skills. Next week we will celebrate Maths Week throughout the school. We have lots of fun activities planned for both inside and outside of the classroom.

In English, we have started to plan a Recount. We will be planning and writing an independent piece all about the Space Race of the 1960's and NASA. When completed, we will look at non-fiction texts linked to our Geography and Science topics.

In Computing, we started to learn about how to keep safe online and shared our ideas on a Class Blog using Purple Mash. We talked about the importance of keeping passwords private and who we should and shouldn't talk to when online. This will continue next week when we'll consider what we read online and if it's always true.

We cannot let the weekend without congratulating our Class Star of the Week, Izabelle P and our TT Rockstars! Great work, well done!

Polite Reminders:

- Please ensure children come to school with a coat each day. We like to complete the daily mile whatever the weather. As the weather worsens it could prevent the class from enjoying our daily exercise if children do not have a coat.
- Big Maths and Reading Pockets should be sent to school every day so they can be updated promptly.
- Please label all items of PE Kit as several children have already misplaced their new sweatshirts.

Enjoy the weekend,

Mrs Gambles
