

Y 5 Class Blog

Welcome to 2023 and may I wish you a happy and successful new year.

In Year 5, we have had a wonderful start to the new year. In our "Touch the future curriculum" within English, we have started our new class book - KICK by Mitch Johnson. We will be learning how to write persuasive letters, with the stimuli from the book such as: appreciating other cultures, child labour, decision making and looking at our own conscience decisions. The boys have especially enjoyed starting this book as it has a theme of football, as our main character - Buddi - stitches football boots to earn money for his family.

In Maths, we are learning multiplication through formal methods as well as the grid method. Although challenging, the children are showing how they are resilient and determined. I am sure success will be just around the corner.

I have shared some photos of our Science lessons, where we investigated which materials allow light through and are transparent; which materials do not let any light through and are opaque and those that allow some light through and are translucent. The children worked sensibly in pairs and produced some fabulous conclusions.

This half term we have started PE indoors, on Tuesdays with Matty from Progressive Sports where through our Real PE Curriculum we are learning about balance, this week dynamic balance and we will be building our core body muscles. On Thursday we started Dance, also from Our Real PE curriculum. The photos show how involved everybody was. Some amazing shapes were created.

I hope you have a lovely weekend and I look forward to seeing you at the parent's meetings on Monday and Tuesday.

Regards

Mrs Foy and Mrs Brady
