

Year 2 Class News - week ending 10th November 2023

Welcome back to the new half term, it's been great to work with the children again after their well-earned break. We've been busy with our new topics and as always the children have worked hard.

We began our new Science (Seasonal Changes), Geography (Where I live), and DT (Structures) topics. Please look out for the topic web on the school website which provides more detail on the objectives to be covered over the coming weeks.

On Tuesday Year 2 visited Church with Year 3, 4 and 5. We were joined by friends and members of St Oswald's parish. We were very respectful and reverent in God's house - I felt very proud of you Year 2, well done!

In Maths this week we have continued learning about addition and subtraction. We have enjoyed using our number bonds to 10 to help us with our number bonds to 100! This topic will continue over the next few weeks when will slowly be introduced to addition and subtraction of two-digit numbers using Base 10 and number lines.

In our English lessons, we continued to learn how to write an explanation text. Our learning will culminate with an explanation text of our own on hibernation.

Polite Reminders:

- PE days for this term are Tuesday and Thursday. Please ensure children remove their earrings at home to avoid them being lost in school and all items of PE kit should be clearly labelled.
- Please ensure children come to school with a coat each day. We like to complete the daily mile whatever the weather and as the weather worsens it could prevent the class from enjoying our daily exercise if children do not have a coat.
- Spelling Folders and Reading Pockets should be sent to school every day to be updated promptly.

Have a lovely weekend,

Mrs Gambles
